Dress up if you like, bring the whole family, your dog and your own candles to add to the atmosphere. The street will be alive and humming. Glistening under the soft glow of candlelight and our brand new Christmas street lights, with the evocative scents of chestnuts roasting, hot mulled wine, eggnog and mince pies wafting through the air.

Join in or watch the special Christmas events and activities for the whole family to enjoy – adults, children and dogs alike. Don't forget to visit our special guest, Father Christmas himself, who'll be waiting in his own special grotto to find out who's been naughty or nice.
